CALIFORNIA'S INCENTIVE PROGRAMS **IT PAYS TO BREED AND OWN A CALIFORNIA-BRED**

In 2010, the breeders and owners of California-bred Thoroughbreds and the owners of California-based stallions received over \$10.7 million in premiums through the California Incentive Program. In addition, special racing opportunities afforded California-breds in 2010, by the race-per-day rule at California tracks, provided more than \$12 million in purses for races restricted to California-breds.

As a result of legislation recently amended in 2009, total monies available for incentive awards are distributed as follows: 10% to the California-bred race fund; 15% to the Maiden Bonus Program; a 20% bonus on the winner's share to the owner of a California-bred Thoroughbred horse conceived by a registered eligible thoroughbred stallion that finishes first in an open qualifying race, and a 10% bonus on the winner's share to the owner of a California-bred Thoroughbred horse that finishes first in an open qualifying race that was not conceived by a registered eligible thoroughbred stallion. The tracks are adding an additional 10% for Cal-bred winners of allowance races making the bonus 30%. A qualifying race is all non-claiming races excluding stakes with a purse of at least \$15,000, as are open non-maiden claiming races with a claiming price of \$40,000 or more at this meeting. After these deductions, 75% of the remainder to be paid as breeder awards, and 25% of the fund to be paid as stallion awards. The legislation also calls for owners awards to be distributed at the same time as the purse, and breeder and stallion awards to be paid once a year, and 2011 awards will be paid during March, 2012.

The breeder of a registered California-bred Thoroughbred will receive a pro-rated share of total monies available for breeders. These awards are payable for finishing first, second, or third in any race run in California, or in a graded stakes outside California, but within the United States.

The owner of a registered California-based stallion will receive a pro-rated share of monies available for stallion owners based upon the earnings of the stallion's California-bred or California-conceived progeny from qualifying wins in California and also for finishing first, second, or third in all stakes within California and graded stakes outside California but within the United States.

The California-bred race fund will provide for the promotion of California-bred races and will provide for or supplement purses for California-bred races.

*More than ever, it pays to breed and own a Cal-bred.
Just ask the breeder or owner of one.*
