SCRATCHES. Scratch time will be 10:00 a.m. the day prior to the races.

OVERNIGHT STAKES RACES WILL BE TREATED AS OVERNIGHT RACES FOR DECLARATION PURPOSES ONLY.

In all overnight races with more than ten interests, trainers may declare out to that number by the specified scratch time, such practice to be determined by lot if necessary. Scratches below ten may be made only by permission of the Stewards.

The deadline for scratches from a stakes race, with exception of overnight stakes races, will be no later than one hour before post time the day of the race.

As a courtesy to the public, the Del Mar Thoroughbred Club requests that trainers wishing to scratch from a stakes race do so prior to the third race.

The deadline for scratches from an overnight stakes race (a purse of less than \$100,000) will be the same as all other overnight races. In all overnight stakes races (a purse of less than \$100,000) with more than eight interests, trainer may declare out to that number by the specified scratch time, such practice to be determined by lot if necessary. Scratches below eight may be made only by permission of the stewards. Overnight stakes races (a purse of less than \$100,000) will be treated as overnights for declaration purposes only.

Pursuant to CHRB Rules 1602 and 1629 only the Stewards may declare a horse out of any overnight race after the scratch time designated for the race, and this applies to those horses coupled as a single wagering interest.

The Stewards reserve the right to withdraw or scratch any horse which, in their opinion, will not qualify for the race in which it has been entered.

Sunday	Friday
Wednesday	Saturday
Thursday	Sunday

ENTRIES. Entries close at 9:00 a.m. on the scheduled entry day or at such time when all entries have been taken, unless otherwise specified in the conditions for a sweepstakes. Faxed or emailed entries will not be accepted.

Horses on the also-eligible list are not “in today” horses. Such horses may enter for the succeeding day and receive any preference to which they may be entitled; however if a horse gets in a succeeding race it will be scratched automatically from the race to which he was also eligible. Stakes races excluded. The status of such horses should be noted at the time of entry.

Should a California-Bred race not be filled by 9:00 a.m. an announcement will be made of the number in the race. Should the race not fill by 9:15 a.m., it will then be opened with California-Breds preferred at the draw.

DEL MAR

ATTENTION HORSEMEN

Any horse drawn into the body of the race because of inaccurate information could be scratched and such horse could lose its previously held date.

As per rule 1865A the alteration or change of sex of horses will be strictly enforced. Forms will be available to insure proper notification.

Tattooing of horses: All trainers are required to notify the Horse Identification Office of all un-tattooed horses as they arrive on the grounds.

Trainers will be permitted to enter up to three (3) horses in any two-year-old Maiden Special race, however not to the exclusion of another unassociated horse, and, further, provided there are at least seven separate wagering interests in the race.

In all overnight races excluding maiden races, winners will be preferred unless otherwise stated in the conditions of the race.

In handicaps, preference will be given based on the weight assigned, adjusted for scale and sex allowance, regardless of joint ownership.

In all allowance or allowance/claiming races, horses eligible only to the stated conditions are preferred.

In all allowance/claiming races, allowance horses are preferred.

In allowance stakes, preference will be given based on high weights according to allowances adjusted for scale and sex allowance, regardless of joint ownership. Unless otherwise noted in allowance stakes races, preference of horses with equal weights will be determined by 2009 non-claiming earnings .

If the management considers it inadvisable for any reason to run a scheduled turf race on the turf course, it will be run at a corresponding distance on the main track.

The clause "Races when entered for...not considered" applies to both eligibility and allowances unless otherwise qualified.

ELIGIBILITY AND ALLOWANCES. "Closed races" are considered as those restricted to "Non-Winners of three races of \$10,000 other than Maiden Claiming or Starter" or less. (Non-winners of two races other than maiden or claiming, etc.). **For purposes of determining eligibility in closed races, a win in any group race, regardless of purse value, shall be considered a win at or above the qualifying amount of \$10,000.**

A horse which wins a a first-conditioned allowance race for Cal-Breds shall remain eligible for the comparable open allowance race, provided that horse does not win a race other than claiming following that Cal-Bred win. Should a horse win a Cal-Bred first conditioned allowance race and next win an open second-conditioned allowance race, that horse shall remain eligibility for the open second-conditioned allowance race. Once a Cal-Bred has accomplished either of the aforementioned, then the Cal-Bred win will be disregarded in future allowance races for eligibility purposes only.

California-Bred Races: Beginning Jan. 1, 2009, all California-Bred races will read "for California Bred or California Sired." A "California Sired" horse is a thoroughbred that was conceived in California by a registered California stallion. A California-sired horse is only eligible for entry in races restricted to California-bred or California-sired horses and is not eligible for any breeders or owners awards. For further information, contact the CTBA at 626-445-7800.

California-Bred supplemental purse monies earned in qualifying open races will be disregarded for eligibility purposes.

Starter races shall be considered the same as Claiming races, except where the conditions state to the contrary. Starter races will not be considered as claiming races in regards to preference clauses. Starter race earnings will not be counted in stakes preference earnings.

Horses penalized in a race shall not be entitled to any of the allowances in such a race. Horses not entitled to the first allowance in a race are not entitled to the second and if not the second,

DEL MAR

then to any subsequent allowance unless specified in the conditions of the race.

Owners and trainers when entering horses in races are cautioned to check carefully the eligibility of their horse and the allowances claimed in all races. Under the universal rules of racing an owner or trainer is responsible for the eligibility and the weight the horse carries. The Racing Secretary will be glad to give horsemen any information in respect to their horses that is desired, but the final responsibilities rest with the owners and trainers.

Retroactive purse changes and bonus payments will not be considered for eligibility, allowances or in any computation of earnings. Earnings as reported in the Daily Racing Form will be used for the purpose of determining eligibility, allowances and preference.

Horses without a jockey named at entry time will have an alternate rider named by the Racing Office. Said horses must have a secured jockey by scratch time.

Trainers must have an apprentice engaged before claiming an apprentice allowance.

A rider may be named on two horses in a race provided one is on the also-eligible list.

Any jockey taken off mounts due to illness is not eligible to be named on horses until approved by the Track Physician to the Stewards.

A jockey engaged to ride any horse is bound to fulfill his engagement unless excused by the Stewards. Should a rider become injured or ill on the way to the post or at the gate, and the Stewards designate a substitute rider, such rider will fulfill the order of the Stewards and complete the engagement on the horse.

GROOMS' ATTIRE. All grooms should be neatly dressed when taking horses to the paddock. Pony riders taking horses to the post in the public parade must wear jackets available at the receiving barn and must keep themselves and their mounts well groomed and their tack clean.

DATE PREFERENCE SYSTEM

1. Horses will not be eligible to receive a date until their papers are on file in the Racing Secretary's office.
2. Preference dates will not supersede conditions of a race.
3. All registration papers submitted to the Del Mar Racing Office prior to 4:00 p.m. on the 1st racing day will receive a zero date which is the lowest possible date. A horse keeps its zero date until it runs or scratches.
4. Any horse that runs or is scratched from a race transferred from the turf to the dirt will retain its previous date.
5. All registration papers submitted after the 1st racing day will receive an R date of the day registered.
6. A zero date takes preference over a running date.
7. Horses that run will receive a running date corresponding to the date they race and lose the date previously held.
8. Any horse that runs during the Del Mar meeting at another race track and whose papers are not withdrawn from the Del Mar racing office will automatically be given the corresponding date of the date they run plus one additional day.
9. Horses which are scratched will keep their R date for the day they scratch.
10. Any horse running in a stakes race at Del Mar will retain its previously held preference date.
11. Preference dates are good at any distance and for any category, with the exception of Rule #2.
12. All horses placed on the Stewards, Veterinarians or Starters lists will be posted on the bulletin board. They will not be permitted to enter until they have been approved to start. Horses placed on these lists will keep their dates if they ran in the particular race in which they made the list. Horses which are scratched will be given a date for the day the horse comes off the list.

DEL MAR

13. Horses which have established a date at the current meeting may lose that preference date should their papers be withdrawn from the Racing Office or demonstrate intent to race elsewhere. Should a horse's papers be withdrawn from the Racing Office for just cause, (i.e., tattoo, corrections, or clarification, etc.) the Racing Secretary may determine the status of the preference date established.
14. In no way does the claiming, ownership transfer or trainer transfer of a horse affect the preference date.
15. All registration papers turned in on a non-racing day and horses that come off a list on a non-racing day, the next racing day will be used as their preference date.
16. A Maiden that runs in any winners race will not lose its previously held date.
17. Dates received in non-Claiming Maiden races will not apply to any Maiden-Claiming races.
18. Cal-Bred Maidens that run in open Maiden Special races will retain their date.

The preference rules (#16 & #17) are designed so a Maiden can run in a winners race or a Maiden-Claimer can run in a non-Claiming Maiden race and those races will not count against them regarding their preference date.

Any horse on the "also eligible" that is declared will retain its original date providing there are no scratches in the body of the race.

QUICK OFFICIAL PROCEDURES NOTICE TO OWNERS & TRAINERS

In order to accelerate making races official when no interference has been suspected or occurred, nor any other reason that may necessitate a delay in making the race official, the following procedure is in effect at Del Mar Thoroughbred Club:

Request for "HOLD." An outrider or Quick Official designee equipped with a two-way radio for communication with the stewards, will be designated and stationed on or beyond the turn past the finish wire. Jockeys wishing to request a "hold" on the race becoming official for any reason will so communicate their wishes to the outrider or Quick Official designee. If a horse is pulled up after crossing the finish line, prior to reaching the outrider, that jockey must proceed, if capable, near enough to communicate to the outrider if he or she wishes to request a "hold." Should a horse pull up before crossing the finish line and the jockey cannot communicate with the outrider, the stewards have the option to place a hold on the race until they are confident that the race is clear.

In order to permit owners or trainers to request a hold, telephone lines to the stewards have been installed at the following prominent locations at Del Mar Thoroughbred Club:

1. House Phone, Turf Club
2. Horsemen's Lounge
3. Clubhouse Terrace
4. Box seat area, Grandstand & Clubhouse

The choices for owners and trainers are either to register a claim of foul or to request a hold until consultation. Stewards may request ID from the caller, to be confirmed by the telephone attendant.

Jockeys will continue to weigh in after the race in the same fashion as is customary. After they have had a chance to consult, jockeys and/or owners and/or trainers who have requested a hold must notify the stewards for the reasons of their objection. The jockeys who have requested a hold shall also contact the stewards.

At any time the outrider or Quick Official designee is not confident regarding the decision to permit a "Quick Official," he or she will request a hold.

PERSONS WISHING TO OBTAIN OWNERS' LICENSE THROUGH CLAIMING.

An individual who desires to become an owner of a race horse through claiming may request an Open Claim Certificate from the CHRB by the following method:

When the Certificate is exercised, a Horse Owner's license will be issued. An Owner's License is not issued prior to the claim as one of the qualifications for license is the ownership of a qualified race horse.
3. The time required for processing of the application is approximately 5 days.

MAY A CLAIMANT TRANSFER A HORSE HE HAS CLAIMED? A successful claimant may not transfer or sell a horse he has claimed (for racing purposes) for a period of 30 days. The racing association may demand that the horse be removed from the grounds and the association is not obligated to provide such horse stall space on the grounds.

TRANSFER OF HORSES ON THE GROUNDS. The purchase or claim or transfer of any horse on the grounds at Del Mar, whether by private sale, claiming, or public auction DOES NOT GUARANTEE THE NEW OWNER A STALL FOR SUCH HORSE. The management of Del Mar Thoroughbred Club reserves the right to allocate stalls.

Horses claimed or sold to any person or stable not registered for racing at Del Mar must be removed from the grounds within 24 hours, unless permission to remain is given by Del Mar Thoroughbred Club.

1663 ENTRY OF CLAIMED HORSE A horse claimed out of a claiming race shall be eligible to race at any racing association within the State of California immediately after being claimed provided further that it shall not be eligible to start in any other claiming race for a period of 25 days exclusive of the day such horse was claimed for less than 25 percent more than the amount for which it was claimed. A claimed horse may be removed from the grounds of the association where it was claimed for non-racing purposes.

For maidens which have started in a maiden claiming race of \$32,000 or less:

2. A maiden which has started in a maiden race for a value of \$32,000 or less but greater than \$16,000 at ANYTIME, and has not finished 2nd, 3rd, 4th or 5th in a maiden race greater than \$18,000 within its last four starts will not be eligible. Maiden special races and any winners race of \$12,500-\$10,500 or higher will be disregarded when applying this rule, unless the horse places 2nd, 3rd, 4th or 5th. A horse must start in at least four maiden claiming races for this rule to apply.

Once a horse has started at Del Mar, it may not lose its eligibility during the meeting. However, any eligible horse which leaves during the meeting and races elsewhere must again satisfy the original eligibility requirements before being approved to return.

ELIGIBILITY DOES NOT IMPLY AUTOMATIC APPROVAL. It means consideration on the basis of performance and potential in our racing program.

2009 DEL MAR THOROUGHBRED CLUB CONSERVATION PROGRAM

Conservation is an important aspect of our daily living here in California. As we approach the 2009 live meet we would like to remind trainers, owners and backside employees that we have a responsibility to conserve our natural resources and ensure that hazardous materials do not enter our water systems.

California is facing a drought situation and the need to conserve water is a serious issue. The Del Mar Thoroughbred Club realizes the importance of water conservation and has developed a program that will work to reduce water consumption and eliminate the disposal of waste or hazardous material into the drains, during the 2009 live meet. DMTC staff will work in conjunction with the California Thoroughbred Trainers to ensure the success of this program.

Conserving electricity is another area of concentration for the 2009 live meet. We ask that when lights are not necessary for the safety of your employees and horses that they be turned off.

Water Conservation signs, in both English and Spanish will be posted throughout the backside prior to the first horses arriving at the track. Risk Management staff and DMTC Security staff will work with violators to ensure they understand the requirements of the program and assist them in becoming compliant.

A Conservation Supervisor, from the Risk Management Department, will be in the stable area 7 days a week to ensure compliance of the Water Conservation Program as well as electrical conservation. He will have repair kits, nozzles and shut off valves available for those who need them, as well as issuing citations to stables not in compliance. The Conservation Supervisor is bi-lingual and will be able to assist those Spanish speaking individuals.

Following are the rules and stipulated fines for the Water Conservation Program. Should you have any questions please feel free to call the Risk Management Department at 858-792-4233.

We thank you for your cooperation.
